Volume 33 Number

August 2005

July has arrived hot and dry! Mark and I ventured to Muncie, IN for the Scale Aerobatics nationals at the AMA headquarters. We Camped out, met some new people, and had of a whole lot of flying!

People came from as far as Northern Canada and Jamaica. Most of our time was spent at the primary R/C field, where the Advanced and Unlimited class events were held. There were over 40 pilots in Unlimited, but only a handful in Advanced. Two flight lines kept rounds moving from 8:30am to about 4:00pm There was always someone to watch fly.

Pilots such as Mark Leesburg, Mike McConville, Peter Goldsmith, Kurt Koelling, Frank Jr. and Jason Noll were there — as well as “the Jamaicans”. Some did a beautiful job, others, you had to wonder if they could read Aresti sequence forms – and those landings! The Jamaicans believed in using ALL of the runway, and sometimes the grass at the end! All in all, an excellent vacation for 2 model aviation enthusiasts!

Amanda Davis, Secretary.

A brief note from the VP: If you don't communicate your interest or what is going on—it's certainly cannot make the newsletter. If you insist on being VOCAL—do so here!
